THUNDERBIT®

Available in High-Speed Steel (HSS) and Cobalt, THUNDERBIT® drills are designed for use in portable hand drills. They are available in a complete line of drills including jobber length, stub length, silver & deming (S&D), hex shanks, and sets. All proudly made in the USA.

FEATURES

- Unique spiral flute design improves chip ejection and coolant flow to the point.
- The heavy-duty core guarantees increased strength and reduced breakage
- 135º self-centering split point prevents "walking" and provides quick penetration
- Friction-reducing black & bronze oxide surface treatments for higher drilling speeds

Fractional Jobber Length List (T1HD Series)
